

ULTRASOUND EXAMINATION

1	Ultrasound of the breast, thyroid gland, abdominal cavity and small pelvis	30 000
2	Ultrasound of the breast, thyroid gland, abdominal cavity	25 000
3	Ultrasound of organs of the abdominal cavity 3D/4D	10 000
4	Ultrasound of abdominal cavity and small pelvis	15 000
5	Ultrasound of the pelvic organs, female transabdominal	10 000
6	Ultrasound of the pelvic organs, female transvaginal	20 000
7	Ultrasound of the thyroid gland 3D/4D	10 000
8	Elastography of the thyroid gland	10 000
9	Ultrasound of the breast 3D/4D	10 000
10	Breast Elastography	10 000
11	Ultrasound of abdominal cavity and organs of the urinary system (kidneys, bladder, prostate, residual urine)	15 000
12	Ultrasound of lymphatic system (one section)	10 000
13	Ultrasound of lymphatic system (several sections)	15 000
14	Ultrasound of intestines	10 000
15	Gastric ultrasound	10 000
16	Ultrasound of the breast, Ultrasound of the thyroid gland	18 000
17	Ultrasound of the abdominal cavity and thyroid gland	18 000
18	Ultrasound of soft tissues	10 000
19	On-site Ultrasound examination (call)	20 000
20	Ultrasound of the joints (unpaired joints)	10 000
21	Ultrasound of the joints (paired joints)	15 000
22	Ultrasound of the joints (various unpaired joints)	20 000
23	Ultrasound of the joints (different paired joints)	30 000
24	Duplex scanning of the vessels of the upper limbs	15 000
25	Duplex examination of the vessels of the lower extremities (one leg)	10 000
26	Duplex examination of the vessels of the lower extremities (both legs)	15 000
27	Duplex scanning of the vessels of the head and neck	15 000
28	Folliculometry 1st visit	10 000
29	Folliculometry 2nd visit	5 000
30	Folliculometry 3rd visit	5 000
31	Sonohysterosalpingoscopy/fallopian tube patency test	50 000
32	Pregnancy Ultrasound	15 000
33	Pregnancy Ultrasound 3D/4D	20 000
34	Doppler examination of the fetus	15 000
35	PAPP-A +B-HGG+Ultrasound	37 000
36	Ultrasound at 12 to 14 weeks of pregnancy	15 000
